### LETTER OF RECOMMENDATION

As an assistant professor in the department of Computer Science & Engineering at Vignan's foundation for science technology and research, I take immense pleasure in writing this recommendation letter to **Mr. Surya Prakash Reddy Pakanati**. I have handled the course on **"Data Structures"**. An enthusiastic and ardent person, he was one of the sprightly students of the class.

In this long association I had ample opportunity to assess his professional and personal abilities and he has shown excellent interest in all his scholastic pursuits. He is a person with very good grasping and analyzing capabilities. Other than his academics he is also one of the best student in the extra- curricular activities.

As a student he was dedicated to his assignments given to him and finished them on time. Perseverance, sincerity and thirst for knowledge have always been the hallmark of his personality. He has also taken seminars in his college days. Proficiency in English through knowledge of the subject coupled with the style of his teaching in a clear and lucid manner made his seminars very interesting and in formative. He is a reliable and disciplined person. Further he has the capacity of adapting himself to the new and challenging environment. With these strengths and his co-operative nature, I firmly believe you would make him a successful candidate for pursuing higher studies in your University.

With full confidence in his abilities, I strongly recommend him for his studies in your esteemed University, preferably with a suitable financial aid.
